## **Hispanic Association of Small Businesses** *Inspiring Businesses and Connecting Communities*

Dear Business Owner:

Recently, the Hispanic Association of Small Businesses has become a proud contributor of the Perris Valley community and most importantly the Inland Empire. Our focus is to provide knowledge and valuable tools to small business owners; in the way that, it will assist them in managing a productive and stimulating business in the local economy.

We are proud to provide low-cost or free educational workshops to local business owners, students, and community members on various topics that will improve job opportunities and professional growth for attendees and increased business productivity in the local area. Additionally, our business service provides information to local students with regards to higher education, scholarships, grants and career goal support.

However, in order to continue providing these valuable programs to the local community, we will need your support. Therefore, please join us in support of small businesses and underprivileged students in the local area. Attached are the available sponsorship levels for the organization.

Thank you for your consideration, and we hope to hear from you soon!

Sincerely,

Steve R. Quintero, President
